PREFACE

The support and efforts of a number of dedicated people were necessary in order for the *Southwestern Economic Review (SER)* to be published. First, the faculty of the TCU Department of Economics and Andrew Schoolmaster, Dean of AddRan College of Humanities and Social Sciences at TCU provided much needed support for this endeavor. Second, the reviewers of the manuscripts submitted to the journals provided much needed expertise in helping to decide which papers should be accepted for publication. Third, Tami Freeman of Arkansas State University magically turned the accepted papers into final publishable form. Fourth, Howard Horne and his staff at the TCU Printing Services Department took the papers and produced this volume. Finally, John Lovett of the TCU Department of Economics provides the expertise for the electronic version of this publication (www.ser.tcu.edu). The editor is grateful for all of this help and hopes this issue of the *Review* will promote and advance our organization, the Southwestern Society of Economists, to new educational and professional horizons.

The Southwestern Society of Economists is affiliated with the Federation of Business Disciplines. The annual membership fee of the Society is \$35 and includes a subscription to the *Southwestern Economic Review*. Correspondence on membership, change of address and information about Southwestern Society of Economists should be addressed to:
